

Barricade Graphics Guidelines

Barricade Material and Programs

- ∴ Dry-wall standard for interior and ply-wood or molded modular products for exterior applications
- ∴ Barricade will be approved and monitored by Tenant Coordinator.
- ∴ Tenants are required to submit barricade graphics to Tenant Coordinator during Final Review Process.

Barricade Graphics Guidelines

- i. Option 1 - Full barricade wrap of retailer graphics to cover 100% of barricade surface
- ii. Option 2 - A minimum of 75% of barricade covered with retailer graphics. Non-covered sections of barricade to be painted to coordinate/compliment with retailer installed graphics.
- iii. Option 3 - A minimum of 50% of barricade covered with retailer graphics. Non-covered sections of barricade to be painted to coordinate/compliment with retailer installed graphics.
- iiii. Extreme Sized Barricades which exceed 90 linear feet are given special exceptions. Graphics will be approved on an on project basis. Graphics and painting should be consistent and cover entire barricade. The percentage of graphics will be taken into consideration as per the length and height of the barricade.
- v. Exterior Barricades should be either a molded product or ply-wood but should adhere to the same standards above.

Option 1

- ∴ This option includes covering 100% of the barricade surface with a graphic vinyl wrapping.
- ∴ The vinyl wrapping would include a complete coverage of the front of barricade.
- ∴ Doors and access points would also be considered part of the barricade surface and need to be covered in vinyl fabric treatment.

Note: Barricades that exceed 90 total linear feet (all three sides) are given special exceptions. Graphics will be approved on a per project basis. Graphics and painting should be consistent and cover entire barricade. The percentage of graphics will be taken into consideration as per the length and height of the barricade.

Option 1 Examples

Option 2

- ∴ This option includes covering at least 75% of the barricade surface with vinyl graphics.
- ∴ The non-vinyl portions of the barricade surface need to be painted in a coordinating color to create an impression the entire barricade is one continuous image.
- ∴ Vinyl graphics do not have to be in one continuous piece on the barricade.
- ∴ There are multiple options in how the Vinyl graphics are applied to barricade.
- ∴ Graphics may be broken into sections to create a geometric pattern across the barricade.
- ∴ Cut vinyl lettering for store name will be considered vinyl graphics in the overall calculation of vinyl coverage.
- ∴ Doors and access points are required to be either covered with vinyl or painted. Doors are considered part of the barricade surface for all graphic treatments.

Note: Barricades that exceed 90 total linear feet (all three sides) are given special exceptions. Graphics will be approved on a per project basis. Graphics and painting should be consistent and cover entire barricade. The percentage of graphics will be taken into consideration as per the length and height of the barricade.

Option 2 Examples

Option 3

- ∴ This option includes covering at least 50% of the barricade surface with vinyl graphics.
- ∴ The non-vinyl portions of the barricade surface need to be painted in a coordinating color to create an impression the entire barricade is one continuous image.
- ∴ Vinyl graphics do not have to be in one continuous piece on the barricade.
- ∴ There are multiple options in how the Vinyl graphics are applied to barricade.
- ∴ Graphics may be broken into sections to create a geometric pattern across the barricade.
- ∴ Cut vinyl lettering for store name will be considered vinyl graphics in the overall calculation of vinyl coverage.
- ∴ Doors and access points are required to be either covered with vinyl or painted. Doors are considered part of the barricade surface for all graphic treatments.

Note: Barricades that exceed 90 total linear feet (all three sides) are given special exceptions. Graphics will be approved on a per project basis. Graphics and painting should be consistent and cover entire barricade. The percentage of graphics will be taken into consideration as per the length and height of the barricade.
